INDEX TO VOLUME 103

AMADON, DEAN, Significance of sexual differences in size among birds, 531
American Philosophical Society, studies of historical documents in, 727–818
Ames, Fisher, spokesman for New England federalism (Douglass), 693
Anatomy and morphology: classification and evolution: 1859 and 1959 (Simpson), 286
Anthropology: Upper Pleistocene stratigraphy and Early Man in the Levant (Howell), 1
Antioch, Libanius' oration in praise of (Downey), 652
Archaeological excavations at El Risco, Mexico (Mayer-Oakes), 332
Archives and autographs in the American Philosophical Society library (Bell), 761

Bagatelles, random notes on two (Chinard), 727
BAUGH, ALBERT C., Improvisation in the Middle English romance, 418
BELL, WHITFIELD J., JR., Archives and autographs in the American Philosophical Society library, 761
BIEBER, MARGARETE, Roman men in Greek himation (Romani palliati). A contribution to the history of copying, 374
Birds, significance of sexual differences in size among (Amadon), 531
Blyth, Edward, Charles Darwin, and the theory of natural selection (Eiseley), 94
Brillon, Mme, Ephemera (Chinard), 727
BROUGHTON, T. ROBERT S., Romanization of Spain: the problem and the evidence, 645
Businessman, social Darwinism and the (Wyllie), 629

CHINARD, GILBERT, Random notes on two "bagatelles," 727
CLARK, WILFRID E. LE G., Crucial evidence for human evolution, 159
Congressional leadership and the presidency (Truman), 687

DARLINGTON, PHILIP J., JR., Darwin and zoogeography, 307
Darwin, Charles, commemoration of the centennial of the publication of *The origin of species* by (Clark, Lerner, Stern, Müntzing, Mayr, Stebbins, Dobzhansky, Newell, Simpson, Darlington, Darwin, Irvine, Wyllie, Zirkle, Greene), 159–319, 609–644, 716–725
  Edward Blyth, and the theory of natural selection (Eiseley), 94
DARWIN, CHARLES G., Some episodes in the life of Charles Darwin, 609
DOBZHANSKY, THEODOSIUS, Variation and evolution, 252
DOUGLASS, ELISHA P., Fisher Ames, spokesman for New England federalism, 693
DOWNEY, GLANVILLE, Libanius' oration in praise of Antioch (Oration XI), 652
Duhamel du Monceau's *Traité*, Fougeroux de Bondaroy and his projected revision of (Ewan), 807
DUMONT, PAUL-EMILE, Full-moon and new-moon sacrifices in the Taittirīya-Brāhmaṇa (second part), 584

Early Man in the Levant (Howell), 1
EISELEY, LOREN C., Charles Darwin, Edward Blyth, and the theory of natural selection, 94
English, Middle, romance, improvisation in (Baugh), 418
Ethnohistory, American Indian, library's new program in (Kluckhohn), 768
Evans, Dr. John, U. S. geologist to the Oregon and Washington territories (Lange), 476
Evolution, crucial evidence for human (Clark), 159
  role of hybridization in (Stebbins), 231
  and variation (Dobzhansky), 252
  and classification (Simpson), 286
  See also Natural selection.
Evolutionary factor, isolation as (Mayr), 221
EWAN, JOSEPH, Fougeroux de Bondaroy (1732–1789) and his projected revision of Duhamel du Monceau's *Traité* (1755) on trees and shrubs: I. An analytical guide to persons, gardens, and works mentioned in the manuscripts, 807

Ferryman, Robert, forgotten naturalist (Murphy), 774
Flood wave and river regulation problems, numerical solution of (Stoker), 548
FORBES, THOMAS R., Prediction of sex: folklore and science, 537
Fossil record, nature of (Newell), 264
Fougeroux de Bondaroy and his projected revision of Duhamel du Monceau's *Traité* (Ewan), 807
Franklin, Benjamin: random notes on two "bagatelles" (Chinard), 727

Gallatin, Alexander von Humboldt's correspondence with (de Terra), 783
Government: presidency and congressional leadership (Truman), 687
Greek himation, Roman men in (Bieber), 374
GREENE, JOHN C., Darwin and religion, 716

Helvétius, Mme, letter from Franklin to (Chinard), 727
Hereditary transmission, variation and (Stern), 183
HOWELL, F. CLARK, Upper Pleistocene stratigraphy and Early Man in the Levant, 1
Humboldt, Alexander von, correspondence with Jefferson, Madison, and Gallatin (de Terra), 783
Hunter, George, western journals of (McDermott), 770
Hybridization, role of, in evolution (Stebbins), 231

Indian, American, linguistics and ethnohistory, library's new program in (Kluckhohn), 768
IRVINE, WILLIAM, Influence of Darwin on literature, 616
Isolation as an evolutionary factor (Mayr), 221

Jacksonian America, common law and codification in (Miller), 463
Japanese trades-unionism, early (Kublin), 571

Jefferson, Alexander von Humboldt's correspondence with (de Terra), 783

Karyolysus sonomae n. sp., a blood parasite from the California yellow-legged frog, *Rana boyli boyli* (Lehmann), 545
KIDDER, ALFRED V., Diary of Sylvanus G. Morley, 778
KLINE, NATHAN S., Challenge of the psychopharmaceuticals, 455
KLUCKHOHN, CLYDE, Library's new program in American Indian linguistics and ethnohistory, 768
KUBLIN, HYMAN, Takano Fusataro: a study in early Japanese trades-unionism, 571

LANGE, ERWIN F., Dr. John Evans, U. S. geologist to the Oregon and Washington territories, 476
Language, Yiddish, history of (Weinreich), 563
Law, common, and codification in Jacksonian America (Miller), 463
LEHMANN, DONALD L., *Karyolysus sonomae* n. sp., a blood parasite from the California yellow-legged frog, *Rana boyli boyli*, 545
LERNER, I. MICHAEL, Concept of natural selection: a centennial view, 173
Levant, Early Man in (Howell), 1
Libanius' oration in praise of Antioch (Downey), 652
Library of the American Philosophical Society, studies of historical documents in (*Library Bulletin*), 727–818
Linguistics, American Indian, library's new program in (Kluckhohn), 768
Literature: improvisation in the Middle English romance (Baugh), 418
  influence of Darwin on (Irvine), 616
LONGHURST, JOHN E., Luther in Spain, 1520–1540, 66
Luther in Spain, 1520–1540 (Longhurst), 66

MCDERMOTT, JOHN F., Western journals of George Hunter, 1796–1805, 770
Madison, Alexander von Humboldt's correspondence with (de Terra), 783
MAYER-OAKES, WILLIAM J., Stratigraphic excavation at El Risco, Mexico, 332
MAYR, ERNST, Isolation as an evolutionary factor, 221
Mexico, El Risco, stratigraphic excavation at (Mayer-Oakes), 332
Miller, Perry, Common law and codification in Jacksonian America, 463
Morley, Sylvanus G., diary of (Kidder), 778
Morphology and anatomy: classification and evolution: 1859 and 1959 (Simpson), 286
MOULD, RICHARD A., Axiomatization of general relativity, 485
MÜNTZING, ARNE, Darwin's views on variation under domestication in the light of present-day knowledge, 190
MURPHY, ROBERT C., Robert Ferryman, forgotten naturalist, 774

Natural selection, Charles Darwin, Edward Blyth and the theory of (Eiseley), 94
  concept of (Lerner), 173
  See also Evolution
New England federalism, Fisher Ames, spokesman for (Douglass), 693
NEWELL, NORMAN D., Nature of the fossil record, 264
Oregon and Washington territories, Dr. John Evans, U. S. geologist to (Lange), 476
Origin of species. *See* Darwin.

Parasite, blood, *Karyolysus sonomae* n. sp., from the California yellow-legged frog, *Rana boyli boyli* (Lehmann), 545
Pelagian controversy, philosophical implications of (Wolfson), 554
Penrose memorial lecture (Clark), 159
Pleistocene stratigraphy, upper, and Early Man in the Levant (Howell), 1
Presidency and congressional leadership (Truman), 687
Psychopharmaceuticals, challenge of (Kline), 455

Rana boyli boyli, California yellow-legged frog, *Karyolysus sonomae* n. sp., a blood parasite from (Lehmann), 545
Relativity, general, axiomatization of (Mould), 485
Religion, Darwin and (Greene), 716
River regulation and flood wave problems, numerical solution of (Stoker), 548
Roman men in Greek himation (Bieber), 374
Romanization of Spain (Broughton), 645

SCHMITT, BERNADOTTE E., First world war, 1914–1918, 321
Sculpture: Roman men in Greek himation (Bieber), 374
Sex, prediction of: folklore and science (Forbes), 537
Sexual differences in size among birds, significance of (Amadon), 531
Shaw, Bernard, Sidney Webb, and the theory of Fabian socialism (Stigler), 469
SIMPSON, GEORGE G., Anatomy and morphology: classification and evolution: 1859 and 1959, 286
Socialism, Fabian, Bernard Shaw, Sidney Webb, and the theory of (Stigler), 469
Spain, Luther in, 1520–1540 (Longhurst), 66
  Romanization of (Broughton), 645
Species before Darwin (Zirkle), 636
STEBBINS, G. LEDYARD, Role of hybridization in evolution, 231
STERN, CURT, Variation and hereditary transmission, 183
STIGLER, GEORGE J., Bernard Shaw, Sidney Webb, and the theory of Fabian socialism, 469
STOKER, J. J., Numerical solution of flood wave and river regulation problems, 548
Stratigraphic excavation at El Risco, Mexico (Mayer-Oakes), 332
Symposium: Commemoration of the centennial of the publication of *The origin of species* by Charles Darwin, 159–319, 609–644, 716–725

Taittirīya-Brāhmaṇa, full-moon and new-moon sacrifices in (second part) (Dumont), 584
Takano Fusataro: a study in early Japanese trades-unionism (Kublin), 571
TERRA, HELMUT DE, Alexander von Humboldt's correspondence with Jefferson, Madison, and Gallatin, 783
Trades-unionism, early Japanese (Kublin), 571
TRUMAN, DAVID B., Presidency and congressional leadership: some notes on our changing Constitution, 687

Unionism. *See* Trades-unionism

Variation, and hereditary transmission (Stern), 183
under domestication, Darwin's views on (Müntzing), 190
and evolution (Dobzhansky), 252

War, first world, 1914–1918 (Schmitt), 321
Washington and Oregon territories, Dr. John Evans, U. S. geologist to (Lange), 476
Webb, Sidney, Bernard Shaw, and the theory of Fabian socialism (Stigler), 469
WEINREICH, MAX, History of the Yiddish language: the problems and their implications, 563
WOLFSON, HARRY A., Philosophical implications of the Pelagian controversy, 554
WYLLIE, IRVIN G., Social Darwinism and the businessman, 629

Yiddish language, history of (Weinreich), 563

ZIRKLE, CONWAY, Species before Darwin, 636
Zoogeography, Darwin and (Darlington), 307

PROCEEDINGS

OF THE

AMERICAN PHILOSOPHICAL SOCIETY

HELD AT PHILADELPHIA
FOR PROMOTING USEFUL KNOWLEDGE

VOLUME 103

1959

THE AMERICAN PHILOSOPHICAL SOCIETY
INDEPENDENCE SQUARE
PHILADELPHIA 6

1959

CONTENTS

Page

No. 1. Upper Pleistocene Stratigraphy and Early Man in the Levant. F. Clark Howell.. 1
Luther in Spain, 1520–1540. John E. Longhurst 66
Charles Darwin, Edward Blyth, and the Theory of Natural Selection. Loren C. Eiseley 94

No. 2. Commemoration of the Centennial of the Publication of *The Origin of Species* by Charles Darwin, Annual General Meeting, April, 1959.
The Crucial Evidence for Human Evolution. (*Penrose Memorial Lecture.*) Wilfrid E. Le Gros Clark 159
The Concept of Natural Selection: A Centennial View. I. Michael Lerner 173
Variation and Hereditary Transmission. Curt Stern 183
Darwin's Views on Variation under Domestication in the Light of Present-Day Knowledge. Arne Müntzing 190
Isolation as an Evolutionary Factor. Ernst Mayr 221
The Role of Hybridization in Evolution. G. Ledyard Stebbins 231
Variation and Evolution. Theodosius Dobzhansky 252
The Nature of the Fossil Record. Norman D. Newell 264
Anatomy and Morphology: Classification and Evolution: 1859 and 1959. George Gaylord Simpson 286
Darwin and Zoogeography. Philip J. Darlington, Jr 307

No. 3. The First World War, 1914–1918. Bernadotte E. Schmitt 321
A Stratigraphic Excavation at El Risco, Mexico. William J. Mayer-Oakes 332
Roman Men in Greek Himation (Romani Palliati). A Contribution to the History of Copying. Margarete Bieber 374
Improvisation in the Middle English Romance. Albert C. Baugh 418
The Challenge of the Psychopharmaceuticals. Nathan S. Kline 455
The Common Law and Codification in Jacksonian America. Perry Miller 463
Bernard Shaw, Sidney Webb, and the Theory of Fabian Socialism. George J. Stigler ... 469
Dr. John Evans, U. S. Geologist to the Oregon and Washington Territories. Erwin F. Lange 476
An Axiomatization of General Relativity. Richard A. Mould 485

No. 4. The Significance of Sexual Differences in Size among Birds. Dean Amadon 531
The Prediction of Sex: Folklore and Science. Thomas R. Forbes 537
Karyolysus sonomae n. sp., a Blood Parasite from the California Yellow-legged Frog, *Rana boyli boyli*. Donald L. Lehmann 545
Numerical Solution of Flood Wave and River Regulation Problems. J. J. Stoker 548
Philosophical Implications of the Pelagian Controversy. Harry A. Wolfson 554
History of the Yiddish Language: The Problems and Their Implications. Max Weinreich 563
Takano Fusataro: A Study in Early Japanese Trades-unionism. Hyman Kublin 571
The Full-Moon and New-Moon Sacrifices in the Taittirīya-Brāhmaṇa (Second Part). Paul-Emile Dumont 584

Page

No. 5. Some Episodes in the Life of Charles Darwin. SIR CHARLES GALTON DARWIN 609
The Influence of Darwin on Literature. WILLIAM IRVINE 616
Social Darwinism and the Businessman. IRVIN G. WYLLIE 629
Species Before Darwin. CONWAY ZIRKLE 636
The Romanization of Spain: The Problem and the Evidence. T. ROBERT S. BROUGHTON .. 645
Libanius' Oration in Praise of Antioch (Oration XI). Translated with Introduction and Commentary. GLANVILLE DOWNEY 652
The Presidency and Congressional Leadership: Some Notes on Our Changing Constitution. DAVID B. TRUMAN 687
Fisher Ames, Spokesman for New England Federalism. ELISHA P. DOUGLASS 693
Darwin and Religion. JOHN C. GREENE 716

No. 6. Studies of Historical Documents in the Library of the American Philosophical Society.
Random Notes on Two "Bagatelles." GILBERT CHINARD 727
Archives and Autographs in the American Philosophical Society Library. WHITFIELD J. BELL, JR 761
The Library's New Program in American Indian Linguistics and Ethnohistory. CLYDE KLUCKHOHN 768
The Western Journals of George Hunter, 1796–1805. JOHN FRANCIS MCDERMOTT 770
Robert Ferryman, Forgotten Naturalist. ROBERT CUSHMAN MURPHY 774
The Diary of Sylvanus G. Morley. ALFRED V. KIDDER 778
Alexander von Humboldt's Correspondence with Jefferson, Madison, and Gallatin. HELMUT DE TERRA 783
Fougeroux de Bondaroy (1732–1789) and his Projected Revision of Duhamel du Monceau's *Traité* (1755) on Trees and Shrubs. I. An Analytical Guide to Persons, Gardens, and Works Mentioned in the Manuscripts. JOSEPH EWAN 807
Index to Volume 103 819
